

Call for positions

TRANS-USE

TRANS-forming industrial legacy. Spatial and economic models of re-USE

Interdisciplinary and international summer school

10/24.7.2019

Toolbox Coworking, Turin

CALL FOR ADMISSION:

- 8 motivated BA-MA students from Politecnico di Torino – no tuition fees
- 6 motivated BA-MA students from Technion Israel Institute of Technology – no tuition fees
- 6 motivated BA-MA students from Tsinghua University – no tuition fees
- Max 5 motivated BA-MA students from other Institutions – fee 500 EUR

We are looking for highly motivated BA-MA students interested in being part of the interdisciplinary and international summer school ***TRANS-forming industrial legacy. Spatial and economic models of re-USE***. The Summer school is promoted by Politecnico di Torino and will be held in Turin at Toolbox Coworking from July 10 to July 24, 2019, full-time work.

The work will be supervised by both Politecnico di Torino, Technion Israel Institute of Technology and Tsinghua University tutors with expertise in architecture, urban and landscape design, environmental engineering and economics, real estate and management.

The summer school is jointly organized by China Room research group and FULL research centre of Politecnico di Torino and aims at consolidating academic relationships between Politecnico di Torino, Technion Israel Institute of Technology and Tsinghua University based on shared educational and research interests.

Objectives

The summer school aims to share, in an international comparative framework, innovative approaches and tools for the synergistic design of financial instruments, environmental recovery procedures and urban master planning operating in complex market conditions on large-scale obsolete industrial sites that embody controversial legacies.

Participants will focus on the analysis of case studies of urban industrial legacy and urban production transformation. They will be asked to develop a toolkit (in terms of architecture, urban planning, landscape design, management, environmental and economic sustainability) and present it publicly at the end of the summer school.

To apply, send an email by 20 June 2019 to trans-use@polito.it with the following attachments:

- Covering letter;
- Portfolio;
- Certificate of enrolment at any university degree programs.

The official language of the summer school is **English**. Participation will NOT require any registration fee for students regularly enrolled at the Politecnico di Torino, Technion Israel Institute of Technology and Tsinghua University. Following to the active participation in the summer school and the presentation of the final results, **3 ECTS** will be credited to students who are regularly enrolled at the Politecnico di Torino (44 hours of frontal lectures and revision, 36 hours of tutoring, 16 hours of extra-educational activities, 8 hours of extra-educational recreational activities: a total amount of 104 hours).

The scientific committee will select participant students among all applicants based on the following criteria.

REQUIREMENTS

- To be enrolled within the current academic year.
- Good knowledge of the English language.

DOCUMENTS FOR APPLYING TO THE CALL

- Short presentation letter (max 2 A4 folders), with motivations for participating to the summer school and more generally to undertake international educational experiences (to be drafted in English); add general information, telephone, e-mail address.
- Portfolio (in A4 landscape, max 10 pages) including the most significant academic projects and any additional design experience (competitions, workshops, construction work) for architecture students and a brief introduction to the most relevant applied experiences (academic and extra-academic) for students with different disciplinary background.
- Certificate of enrolment at any university degree programs.

EVALUATION CRITERIA

Applicants will be evaluated on the basis of:

- Academic performance;
- Motivations to participate in the summer school;
- Previous international experiences;
- Quality of the portfolio.

Important dates

20 June 2019: submission deadline

27 June 2019: Colloquium and notification of selected students

10-24 July 2019: summer school

Costs

Fee for candidates who are not enrolled at Politecnico di Torino, Technion Israel Institute of Technology and Tsinghua University.

(max. 5 participants): 500 EUR – payment will be done only through bank transfer to Politecnico di Torino (details will be provided after the selection).
